HEALTH INSURANCE FOR VISITORS TO THE USA

Scheduled travel insurance benefits for non-U.S. citizens

For 25 years, Seven Corners has protected travelers all over the world. We deliver health, safety and security to you when you are away from home. Take us on your next trip!

Why do I need visitor health insurance?

Inbound USA provides health insurance for visitors to the USA. This travel insurance plan is important for several reasons:

- Your home country's health insurance may not cover you when you travel to the USA, which means you may have to pay for your medical care if you become sick or hurt on your trip.
- Medical expenses in the USA are some of the most expensive in the world, which makes visitors medical insurance an important part of any trip to the USA.
- Inbound USA provides scheduled benefit visitor insurance, which is priced affordably even for longer trips.
- 24/7 travel assistance services are included with Inbound USA. Our multilingual team can help you find a doctor and answer your benefit and travel questions.
- Inbound USA is also a great visitor health insurance choice for family members, like parents, who are traveling to the USA. You can buy coverage for them when they visit you.

WHO CAN BUY AN INBOUND USA PLAN?

The plan covers non-United States citizens who are traveling to the USA. You may buy coverage for yourself, your spouse, your children, and your traveling companions.

To be covered by the Inbound USA Basic and Inbound USA Choice plan, you must be at least 14 days of age and younger than 100 years of age.

To be covered by the Inbound USA Elite plan, you must be at least 14 days of age and younger than 70 years of age.

WHERE CAN I TRAVEL?

If you wish to buy this plan, your travel destination must be the USA. The plan provides limited coverage for travel to additional countries for trips that originate in the USA. See the International Travel Coverage section of this brochure for details.

EXTENDING YOUR COVERAGE

Inbound USA Basic — If you initially buy less than 364 days of coverage, you may buy additional time at a minimum of five days to a total of 364 days. Your original effective date will be used to calculate your deductible, to determine if maximum coverage amounts have been reached, and to determine any pre-existing conditions.

Inbound USA Choice and Elite — If you initially buy less than 364 days of coverage, you may buy additional time at a minimum of five days to a total of 1,092 days (three 364-day periods). A new deductible will apply beginning the 365th day and again the 729th day, if applicable. Your original effective date (day one of your plan) will continue to be used to determine if maximum coverage amounts have been reached and to determine any pre-existing conditions.

How do I extend my plan?

We will email you a renewal notice before your coverage expires, giving you the option to extend your plan. A \$5 administrative fee is charged for each extension.

Refund of Premium/Cancellation

Benefit Highlights

Benefit Period — This is the amount of time (180 days) you have from the date of your injury or illness to receive treatment. If your coverage ends during your benefit period, you can still receive treatment if you are outside your home country.

Medical Coverage — We cover injuries and illnesses that occur during your coverage period. Benefits are paid in excess of your deductible up to the medical treatment and services maximum shown in the schedule of benefits. Initial treatment must occur within 30 days of the date of injury or onset of illness.

Dental Emergency Accident Coverage — The plan can pay for emergency treatment to repair or replace sound natural teeth damaged because of an accidental injury caused by external contact with a foreign object. You are not covered if you break a tooth while eating or biting into a foreign object.

Dental Sudden Relief of Pain — The plan can pay for emergency treatment for the relief of pain to sound natural teeth.

Return of Mortal Remains** — We can pay reasonable expenses for embalming, a minimally-necessary container for transportation, shipping costs, and government authorizations to return your remains to your home country if you die while outside your home country. The plan pays regardless of whether your death is related to a pre-existing condition. You cannot use this benefit if you use the Local Cremation or Burial benefit.

Local Cremation or Burial** — This benefit can pay reasonable expenses for the preparation and either your local burial or cremation if you die while outside your home country. The plan pays regardless of whether your death is related to a pre-existing condition. You cannot use this benefit if you use the Return of Mortal Remains benefit.

Emergency Medical Evacuation** — If medically necessary, we will pay and arrange to transport you to the nearest adequate medical facilities.

Terrorism — If you are injured as a result of terrorist activity, we will provide medical benefits if the following conditions are met:

- 1) You have no direct or indirect involvement in the terrorist activity.
- 2) The Terrorist Activity is not in a country/location where the U.S. government has issued a Level 3 Terrorism, Level 3 Civil Unrest, or any Level 4 Travel Advisory or the appropriate authorities of your host country or your home country have issued similar warnings, any of which have been in effect within 6 months before your date of arrival.
- 3) You departed the country/location following the date a warning to leave was issued by the U.S. government or the appropriate authorities of your host country or your home country.

**** These benefits must be arranged by Seven Corners Assist. Failure to use Seven Corners Assist will result in the denial of benefits.**

(Highlights continue on next page.)

Benefit Highlights *(continued)*

Incidental Trips to Home Country — This covers an illness or injury that begins on an incidental trip in your home country. You earn covered days at home at approximately 5 days per month up to 60 days for every 364 days of purchased coverage. Unused days do not carry over to a subsequent 364-day period. It does not cover pre-existing conditions or an illness or injury that began while you were outside your home country.

International Travel Coverage — The benefit can cover you up to 14 days when you travel to countries other than the United States. It does not cover travel to your home country, and it does not extend after your expiration date. This benefit must be used during your current period of coverage, and the trip must originate in the United States.

Common Carrier Accidental Death & Dismemberment (AD&D) — This benefit pays funds if you die because of an injury caused by an accident that occurred while you were a passenger on a common carrier. A common carrier is a public air conveyance that transports passengers for hire.

Acute Onset of a Pre-existing Condition Benefit — This benefit provides coverage by waiving the exclusion for pre-existing conditions. (See section 7a in the plan document.) This waiver applies for eligible medical expenses for the first acute onset of a pre-existing condition during your coverage period if you are a non-United States resident.

The waiver is subject to you paying the deductible.

Coverage for an acute onset of a pre-existing condition ends on the earlier of:

- (1) the condition no longer being considered acute or
- (2) Your discharge from the hospital.

There is no coverage for an acute onset that occurs during an incidental trip to your home country.

Excess Insurance

All coverages except Common Carrier Accidental Death & Dismemberment are in excess of all other insurance or similar benefit programs and shall apply only when such benefits thereunder are exhausted. This Plan is secondary coverage to any other insurance. Such other insurance or similar benefit programs may include, but are not limited to, membership benefit; workers' compensation benefits or programs; government programs; group or blanket coverage; prepayment coverage; union, labor, or employee plans; socialized insurance program or program otherwise required by law or statute; automobile insurance; or third-party liability insurance.

Pre-existing Conditions

What is a Pre-existing Condition?

It is any medical condition, sickness, injury, illness, disease, mental illness or mental or nervous disorder, including congenital, chronic, subsequent, or recurring complications or related or resulting consequences that existed with reasonable medical certainty when you bought the plan or any time in the 36 months before your coverage on this plan began, whether or not previously manifested, symptomatic, known, diagnosed, treated, or disclosed.

This includes, but is not limited to, any medical condition, sickness, injury, illness, disease, mental illness, or mental or nervous disorder for which medical advice, diagnosis, care, or treatment was recommended or received or for which a reasonably prudent person would have sought treatment during the 36 months immediately preceding the start date of this plan.

How do we cover Pre-existing Conditions?

Typically, travel insurance plans do not cover pre-existing conditions. We cover them on Inbound USA through the Acute Onset of a Pre-existing Condition benefit.

Acute Onset of a Pre-existing Condition

See the schedule of benefits for details including dollar amounts and age restrictions. Coverage varies by age and plan.

See the Acute Onset of a Pre-existing Condition benefit section to learn how the coverage works.

What is an Acute Onset of a Pre-existing Condition?

It is a sudden and unexpected outbreak or recurrence of a pre-existing condition that occurs spontaneously and without advance warning in the form of physician recommendations or symptoms and requires urgent care.

To be covered by this benefit, the following are required:

- (1) The acute onset must occur after the plan's effective date and prior to the age limit shown in the Schedule of Benefits.
- (2) Treatment must be obtained within 24 hours of the sudden and unexpected outbreak or recurrence.
- (3) Covered expenses must be incurred in the U.S.

There is no coverage for known, scheduled, required, or expected medical care, drugs, or treatments existent or necessary before your arrival in the U.S. and before your plan begins.

There is no coverage for treatment for which you have traveled or conditions for which travel was undertaken after your physician limited or restricted travel.

A pre-existing condition that is congenital or that gradually becomes worse over time is not an Acute Onset of a Pre-Existing Condition. A pre-existing condition will not be considered an Acute Onset of a Pre-Existing Condition if, during the 30 days prior to the acute event, you had a change in prescription or treatment for a diagnosis related to the acute event.
